Summary

Computer Science undergraduate with hands-on experience building full-stack web applications using the MERN stack and React. Skilled in developing responsive UIs, RESTful APIs, and reusable components, with practical frontend development experience and a strong foundation in data structures and web technologies.

Education

VIT Bhopal University, B.Tech in Computer Science Engineering – Bhopal 2023 – 2027 (Ongoing)

- CGPA: 7.81
- **Coursework:** Data Structures, Object-Oriented Programming, DBMS, Computer Networks

Experience

Frontend Developer, Technomatz May 2025 – June 2025

- Developed responsive and user-friendly web applications using HTML, CSS, JavaScript, and React.js
- Built reusable UI components and integrated REST APIs to deliver dynamic, high-performance interfaces
- Collaborated with designers and backend developers, participating in code reviews and bug fixes to ensure application quality

Technical Skills

Languages: C++, JavaScript, TypeScript

Frameworks & Technologies: HTML, CSS, React.js, React Router, Node.js, Express.js, MongoDB, Bootstrap, Excel

Projects

BookStore – Full-Stack MERN Web Application MERN Stack - Full-Stack Web App

- Built a full-stack bookstore web application using the MERN stack (MongoDB, Express.js, React, Node.js) with a Vite-powered frontend
- Designed RESTful APIs for book management and user authentication, with secure password hashing using bcrypt.js
- **Tools Used:** React, Node.js, Express.js, MongoDB, Mongoose

React Video Player – Custom Streaming Video UI React

- Built a custom video player in React 19 and Vite with adaptive quality switching, chapters, subtitles, and playback speed controls using Video.js
- Designed a responsive UI using shadcn/ui and Radix UI primitives, styled with Tailwind CSS v4, and integrated ImageKit for media delivery
- **Tools Used:** React, Vite, Video.js, Tailwind CSS, Radix UI, ImageKit

React E-Card – E-Commerce Shopping Cart Application React – E-Commerce App

- Built a React-based e-commerce application with product browsing and cart management, using React Router DOM for client-side navigation
- Implemented real-time user feedback with toast notifications and a responsive UI using Bootstrap and React Icons
- **Tools Used:** React, React Router DOM, Bootstrap, Vite

Certifications

- **HackerRank:** Python (Intermediate)
- **Coursera:** The Bits and Bytes of Computer Networking
- **Google:** Google IT Support Professional Certificate
- **NPTEL:** Marketing Analytics

Additional Information

- **Responsibility:** Core Team Member (Content), MUN Club, VIT Bhopal, 2023 – 2025
- **Additional Skills:** Microsoft Excel, Canva, Video Editing
- **Languages Known:** English, Hindi
